

EMBASSY OF THE  
UNITED STATES OF AMERICA

Mr. Jeff Rogers  
Director  
Child Legacy International  
Lilongwe, Malawi

September 15, 2011

Dear Jeff:

Thank you for coming to the Embassy today and sharing the accomplishments of Child Legacy International with me. I am impressed by the important work that you are doing in helping Malawians access clean water and good health care. The clinic that you have constructed and are about to open will be a model for other similar efforts here in Malawi. Please consider inviting me to the grand opening.

I have asked Mrs. Sarah Oddo, our Self-Help Coordinator, to reach out to you to schedule a site visit to learn more about Child Legacy International. I am particularly interested in having her learn from your team that has worked on repairing or installing over 1,500 Afridev pumps and wells here in Malawi. As I mentioned to you today, our Ambassador's Special Self-Help Fund often works on water projects throughout rural communities here in Malawi and I believe that we have a lot that we can learn from your team.

If you have any questions, please feel free to contact me directly at tel: (+265) 1 773 166 extension 3406.

Sincerely,

Christopher Nyce  
Economic Officer
