

ABOUT CHILD LEGACY

CHILD LEGACY INTERNATIONAL, INC IS A CHRISTIAN NON-PROFIT ORGANIZATION WORKING IN AFRICA TO TRANSFORM LIVES BY PROVIDING OPPORTUNITIES THAT BREAK THE GENERATIONAL CYCLE OF POVERTY AND DESPAIR, AND SUPPORT EACH PERSON'S PURSUIT OF THEIR GOD-GIVEN DESTINY

Child Legacy International was founded by Jeff and Karen Rogers in 1987, after years of experience in international aid and relief work led them to realize that meeting immediate needs was not enough to produce lasting change in the developing world. They designed and strategically implemented a Sustainable Program Development Model in rural Zimbabwe, offering healthcare, job training, education, and practical agricultural innovations — all 100% powered by renewable energy.

In 2007, Jeff and Karen Rogers moved to rural Malawi in order to replicate their Sustainable Program Development Model on a larger scale. In less than a decade, CLI's Malawi Campus has earned national recognition for its unique and effective approach to development, bringing real change to one of the poorest and least developed countries in the entire world.

Child Legacy's Impact in Rural Malawi

- Over **520,000** rural patients treated for free, including over **7,600** infants safely delivered with **zero** maternal deaths.
- Over **9.4 million** people provided access to clean water through nationwide well repairs
- Over **100 acres** of organic crops and produce, plus an additional **200 acres** of commercial bamboo and macadamia trees to provide training for local farmers and to promote overall economic growth & sustainability.
- Hundreds trained via professional apprenticeship, plus a scholarship program for degrees in fields critical to the nation's development
- Over **85,000** salvations through church-planting, community outreach, and well repairs
- The first and only Community Hospital and Operating Theaters in the continent's region powered by 100% renewable energy

ALTERNATE WATER SOURCE

Pump

**DISTANCE TO ALTERNATE
WATER SOURCE**

700 m

DISTANCE TO NEAREST SCHOOL

2 km

82,000+ villagers have responded to the gospel since 2008!

**6 people from
AMMAR MOSQUE
gave their lives to
the Lord!**

Christian Witness: The scripture teaching included the story from Colossians 2:1-3, where Paul encourages the believers in Colossae to remain true to Christ and His words of wisdom. The team then prayed as 6 people gave their lives to Jesus Christ! The villagers thanked and praised God for this day!

Community Testimony: It was all smiles after the pump was fixed, they thanked CLI and its donor partners for helping in repairing the pump as this will relieve them from walking 700 m to the nearest water source. At the alternative water source the women were spending a lot of time due to the high number of individuals accessing water from the pump, all this now will be a thing of the past for those surrounding Ammar Mosque. Thank you

PROBLEMS ENCOUNTERED

The well pad condition was good. Pipes were joined by fire. Bolts & nuts, plate, bush bearings, hanger pin, fulcrum pin, cylinder, rope, flapper, bobbin and cup seal were damaged

IMPROVEMENTS MADE

- PVC pipes and pump rods, replaced
- New pump and pedestal
- Well purified through chlorination
- Gospel of Jesus Christ shared
- Health and Hygiene taught
